69 Total no. of beneficiaries in Ehsan Baby Care

EHSAN BABY CARE

- This project is to support single mothers and families with low income which has babies in their household to ease their expenses because as we all know, raising a child in Singapore is very costly. By providing diapers and milk that could last for a month, it really helps our beneficiaries to sustain their daily necessities and can channel their financial resources to other obligations such as home bills and school fees.

TESTIMONIES

Ehsan Baby Care
Beneficiary

Mrs Adila, mother to Zaki & Adam, has 9 children aged between 1 and 16 years old. The only sole breadwinner is the husband who is working full time but with quite a low income, they find it hard to make ends meet. Although they are receiving monthly food ration from the Family Service Centre (FSC), the most expenditure usage would be groceries and milk diapers. Mrs Adila was really grateful when we told them that we will be supporting them with the diapers and milk.

Care For The Elderly
Beneficiary

Nek Salbiah lives with her only daughter Putri, who has special needs, and their helper. Nek Salbiah is wheelchair-bound and has medical conditions, including severe shaking on her left side. Her daughter Putri loves to sing, but she can be hard to deal with as she sometimes gets angry and throws tantrums. Her helper says they desperately need help to manage Putri's condition and keep her from lashing out and hurting herself or those around her. Nek Putri is grateful for the groceries and cash we've given so far, and says it really does help lessen their worries.
